STOP CLOSURE WHITTINGTON HOSPITAL ACCIDENT & EMERGENCY

No to cuts, closures and privatisation

NHS executives propose to close the Accident and Emergency department at the Whittington hospital. This puts at risk all those across North London who would have to travel further in an emergency. It would also threaten the future of other services at the Whittington as well as adding to the burden in other hospitals.

This has outraged thousands of people! A huge campaign is building up across North London. Please join the campaign and spread the word, protest, write to the press, sign the petition, and tell everyone you know about the demonstration.
